

## PRETERMINATED CABLES

Browse on Mobile

 Browse on Web

NEXCONEC<sup>®</sup> Copper Pre-Terminated trunk assemblies are the perfect solution for Enterprise / Premise & Data Centre applications where speed of installation is important. Factory termination and testing simplify installation, saving time and labor as compared to field terminated installations.

Custom-made configurations in pre-engineered lengths with connectors to meet the specific needs of each application. Assemblies are typically built with a choice of 6, 8, 12 or 24 cable bundle using LSZH or PVC jacket. Standards compliant premium connectors and cable are used to ensure the best possible headroom and performance.

### FEATURES

- ✓ Conform to IEC, EIA-TIA performance requirements
- ✓ Factory tested using Fluke tester
- ✓ Available in Cat5E, Cat6 and Cat6A
- ✓ Custom cable and fan-out length
- ✓ High performance and reliability
